

The NT850+ Premium CUV provides optimum ride comfort, great fuel economy, low noise and refined performance in all conditions.

RIM SIZE: 17 - 18 INCH
SERIES: 55 - 65
WIDTH: 225 - 235
SPEED RATING: H - V

BEST FIT?

Specifically designed to meet the needs of the explosively-popular compact-SUV market, the NT850+ Premium CUV is perfect for the Ford Territory, Mazda CX-models, Holden Captiva, Hyundai ix35 or Sante Fe, Toyota Kluger or RAV4 and Honda CR-V.

PREMIUM COMPACT SUV TYRE

ADVANCED TREAD PATTERN

An advanced asymmetrical design provides wide main grooves for water drainage between large, rigid tread blocks for responsive handling and excellent performance.

QUIET WALL TECHNOLOGY

Serration within the tread grooves eliminates howling-pipe-resonance noises by disrupting airflow.

CIRCUMFERENTIAL GROOVES

Circumferential grooves in the tread pattern effectively channel water for excellent drainage, better wet-weather performance and safety you can rely on.

SILICA TREAD COMPOUND

A specially-formulated silica tread compound offers low-rolling resistance and a good balance of wear resistance and grip levels.

3D MULTI-WAVE SIPES

Cutting through water on the road surface, these uniquely-shaped thin slits feature an interlocking ripple design, allowing them to lock together while braking and provide traction while accelerating.
